

## W/C 9.11.20: Learning Project Year R

Welcome to the 2020/2021 Learning Projects. Please be reassured that the tasks set by our teachers are designed to support your child to continue working on content that is matched to the coverage planned for the rest of the learners in their year group.

Please use this document as your starting point. In school, your child will be experiencing short teacher led inputs on Maths, Phonics, letter formation and Early Reading through sharing stories. We are also providing further play opportunities around the theme of 'Ourselves'.

**A member of staff will be in touch within the first few days of absence to discuss your child's learning for this period of time.**

Please take the opportunity to read this guide:

Reading for pleasure is a serious business at the Castleman Academy Trust, read, read and read some more! Research indicates that sharing stories is crucial to development of vocabulary and access to the wider Curriculum.

### Beyond the Basics

Some weeks, there may be a particular link, programme or reference that the learners would benefit from having access to. If your teacher suggests anything further to support the year group curriculum, it will be detailed below.
